Installed Technology Key	
Tech Podium	A technology, or "tech," podium includes an instructor podium with PC (with Internet access), full laptop hookups (Ethernet, power, audio, etc.), mounted digital/LCD projector, screen, reinforced sound, VCR/DVD combo, and document camera.
Tech Cabinet	A technology, or "tech," cabinet includes the same equipment as a technology podium, except there is no document camera.
Doc Cam	A document camera, or "doc cam" (also known by the brand name ELMO), is a digital real-time image capture device that is connected to the digital/LCD projector and used in lieu of a traditional overhead projector.
LCD	Installed in the room is a mounted digital/LCD projector, screen, and a display plug-in for a laptop.

All classroom buildings are served by secure wireless connectivity.

All classrooms have a VCR/DVD combo connected to a standard TV or its equivalent if the classroom has a technology podium or cabinet.

Traditional overhead projectors are also available.
