➤ **To merit a Pass grade, the dissertation must be rated at Meets Expectations (3) or higher for all criteria.**

### ORGANIZATION: All Chapters

<b>Criterion Must Be Met for Each Chapter to Receive Pass.</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Chapter introduction	No discernible introduction	Inadequate introduction	<b>Adequate introduction</b>	Explicit introduction
Chapter outline	No outline or overview of chapter content	Inadequate outline or overview of chapter content	<b>Adequate outline or overview of chapter content</b>	Explicit outline or overview chapter content
Dissertation question(s) in all chapters	Question(s) not stated or worded differently from chapter 1		<b>Question(s) stated and worded as in chapter 1</b>	
Chapter conclusion	No conclusion or summary of chapter content	Inadequate conclusion or summary of chapter content	<b>Adequate conclusion or summary of chapter content</b>	Explicit conclusion or summary of chapter content
Headings	No section or subsection headings	Inadequate section or subsection headings	<b>Adequate section and subsection headings</b>	Explicit section and subsection headings

### IDEAS AND CONTENT: Introduction (Chp 1)

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Dissertation topic	No description of the professional or personal importance of the topic for the writer.	Inadequate description of the professional or personal importance of the e topic for the writer.	<b>Adequate description of a narrowed topic and its personal and professional importance for the writer</b>	Explicit description of a narrowed topic and its personal and professional importance for the writer
Dissertation question(s)	No research question(s) stated	Research question(s) stated, but too broad or unclear	<b>Research question(s) stated and somewhat narrowed</b>	Research question(s) stated and explicit
Dissertation rationale	No rationale for the importance of topic for the writer	Inadequate rationale for the importance of topic for the writer	<b>Adequate rationale for the importance of topic for the writer</b>	Explicit rationale for the importance a of topic for the writer

### IDEAS AND CONTENT: Literature Review (Chp 2)

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Connection between dissertation question(s) and literature review	No explanation of how the literature review categories are related to the dissertation question(s)	Inadequate explanation of how the literature review categories are related to the dissertation question(s)	<b>Adequate explanation of how the literature are related to the dissertation question(s)</b>	Explicit explanation of how the literature review categories are related to the dissertation question(s)
Discussion of literature	No discussion of relevant literature (no description, analysis, synthesis of sources)	Inadequate discussion of literature (limited explanation, analysis, synthesis of sources)	<b>Adequate discussion of literature (sufficient explanation, analysis, synthesis of sources)</b>	Explicit discussion of literature (detailed explanation, analysis, synthesis of sources)

**IDEAS AND CONTENT: Methods (For Research that Requires Data Collection from Human Subjects) (Chp 3)**

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Research Paradigm	No research paradigm identified	Inadequate of identification of research paradigm	<b>Adequate identification of research paradigm</b>	Explicit identification of research paradigm
Research Paradigm Rationale	No rationale presented; no sources cited	Inadequate rationale presented; no sources cited	<b>Adequate rationale presented; sources cited</b>	Explicit rationale presented sources cited
Setting and Participants	No information about the setting(s) or participant(s) or both	Inadequate information about the setting(s) and participant(s)	<b>Adequate information about the setting(s) and participant(s)</b>	Explicit information about the setting(s) and participant(s)
Data Collection: Methods	No information about research method(s); no sources cited	Inadequate information about research method(s); no sources cited	<b>Adequate information about research method(s) and sources are cited with little discussion</b>	Explicit information about the research method(s); sources are discussed well
Data Collection: Tools	No information or example(s) about the data collection tool(s)	Inadequate information and example(s) about the data collection tool(s)	<b>Adequate information about and example(s) of the data collection tool(s)</b>	Explicit information about and examples of the data collection tool(s)
Data Analysis	No information about data analysis technique(s)	Inadequate information about data analysis technique(s)	<b>Adequate information about data analysis technique(s)</b>	Explicit information about data analysis technique(s)

**IDEAS AND CONTENT: Methods (For research that is exempt) (Chp 3)**

**May include one or more of the following: Data collected from adult, non-vulnerable participants only; curriculum design, development, implementation, assessment; document analysis; policy analysis.**

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Research Paradigm	No research paradigm identified. No rationale presented; no sources cited.	Inadequate of identification of research paradigm. Inadequate rationale presented; no sources cited.	<b>Adequate identification of research paradigm. Adequate rationale presented; sources cited.</b>	Explicit identification of research paradigm. Detailed rationale presented; sources cited.
Curriculum Foundation(s) (if applicable to dissertation focus)	No information about the research instrument(s) or curriculum foundation(s)	Inadequate information about the research instrument(s) or curriculum foundation(s)	<b>Adequate information about the research instrument(s) or curriculum foundation(s)</b>	Explicit information about the research instrument(s) or curriculum foundation(s)
Curriculum Content Analysis (if applicable to dissertation focus)	No information about analysis of curriculum content	Inadequate information about the data analysis or curriculum content	<b>Adequate information about the data analysis or curriculum content</b>	Explicit information about the data analysis or curriculum content
Document Analysis (if applicable to dissertation focus)	No information about document analysis	Inadequate information document analysis	<b>Adequate information about document analysis</b>	Explicit information about document analysis
Policy Analysis (if applicable to dissertation focus)	No information about analysis of curriculum content	Inadequate information about the data analysis or curriculum content	<b>Adequate information about the data analysis or curriculum content</b>	Explicit information about the data analysis or curriculum content
Setting	No information about the setting(s)	Inadequate information about the setting(s)	<b>Adequate information about the setting(s)</b>	Explicit information about the setting(s)
Participants, if appropriate	No information about participant(s)	Inadequate information about participant(s)	<b>Adequate information about participant(s)</b>	Explicit information about participant(s)
Human Subject Review (IRB)	No information about IRB	Inadequate information about IRB	<b>Adequate information about IRB</b>	Explicit information about IRB

### IDEAS AND CONTENT: Results (Chp 4)

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Discussion of results	No discussion of results (description, explanation, analysis of data collected, curriculum designed-implemented-assessed)	Inadequate discussion of results (description, explanation, analysis of data collected, curriculum designed-implemented-assessed)	<b>Adequate discussion of results (description, explanation, analysis of data collected, curriculum designed-implemented-assessed)</b>	Explicit discussion of results (description, explanation, analysis of data collected, curriculum designed-implemented-assessed)
Discussion of how results inform the research question(s)	Does not describe the information collected, the themes or patterns that emerged	Inadequate discussion of the information collected, the themes or patterns that emerged	<b>Adequate discussion of information collected, the themes or patterns that emerged</b>	Explicit discussion of information collected, the themes or patterns that emerged
Discussion of results' interrelationships, if applicable to dissertation(s)	Does not explain the results and their interrelationships	Inadequate explanation of the results and their interrelationships	<b>Adequate explanation of the results and their interrelationships</b>	Explicit explanation of the results and their interrelationships
Discussion connects results and literature review	Does not connect the results and literature review (agreement, disagreement, discovery)	Inadequate connection or results and literature review (agreement, disagreement, discovery)	<b>Adequate connection or results and literature review (agreement, disagreement, discovery)</b>	Explicit connection or results and literature review (agreement, disagreement, discovery)

### IDEAS AND CONTENT: Conclusion (Chp 5)

<b>Criterion</b>	<b>Does Not Meet Expectations 1</b>	<b>Approaches Expectations 2</b>	<b>Meets Expectations 3</b>	<b>Exceeds Expectations 4</b>
Reflection	No reflection on major learnings	Inadequate reflection on major learnings	<b>Adequate reflection on major learnings</b>	Explicit reflection on major learnings
Connection to Literature Review	Does not revisit the literature review	Inadequate connections with literature review	<b>Adequate connections with literature review</b>	Explicit connections with literature review
Implications for study such as policy, stakeholders, finance, educational organizations	No implications discussed	Inadequate implications discussed	<b>Adequate implications discussed</b>	Explicit implications discussed
Limitations of the study	No imitations discussed	Inadequate discussion of limitations	<b>Adequate discussion of limitations</b>	Explicit discussion of limitations
Recommendations for future research	No future research recommended	Inadequate discussion of research recommendations	<b>Adequate discussion of research recommendations</b>	Explicit discussion of research recommendations
Presents plan for communicating or using the results or both	No plan presented	Inadequate plan for communicating or using the results or both	<b>Adequate plan for communicating or using the results or both</b>	Explicit plan for communicating or using the results or both

**CONVENTIONS AND MECHANICS: Whole Dissertation**

<b>Conventions</b> Sentence formation, usage (verb agreement, tense), mechanics (spelling, capitalization, punctuation, grammar)	14 or more errors in sentence formation, usage (verb agreement, tense), mechanics (spelling, capitalization, punctuation, grammar)	10-13 errors in sentence formation, usage (verb agreement, tense), mechanics (spelling, capitalization, punctuation, grammar)	<b>4-9 errors in sentence formation, usage (verb agreement, tense), mechanics (spelling, capitalization, punctuation, grammar)</b>	Four or fewer errors in sentence formation, usage (verb agreement, tense), mechanics (spelling, capitalization, punctuation, grammar)
