

Sorin 4th floor

about me!

Hey! Welcome to Sorin! I'm Maddie, a junior majoring in STEM Education! This is my second year as an RA, so I should be able to answer almost all of your questions. :) Around campus you'll probably see me getting Starbucks between classes (if you ask nicely I might buy you some...)

I also have an ESA cat named Stella (shown below), she is very dramatic... but if you ever want or need some love (and my room is clean enough) I'll let you come in and hang out with us :)

My advice for college- get involved! Joining orgs and going to events is the best way to meet new people and make friends. :) Just make sure to leave enough time for homework!

packing problems?

bring it!

- command hooks
- power strips (but only the ones with an on/off switch)
- shower caddy and shoes!!!!
- a trash can! (recycling is provided)
- lots of decorations to personalize your room :)

leave it

- drugs or alcohol (obvi)
- non LED light strands
- candles/incense
- an A/C unit (bring a fan instead)
- microwave and mini fridge (already there!)
- a bad attitude >:(

Pro tip- contact your roommate before buying things like mirrors and TV's, and try to save as much money as possible!

contact me anytime!
