RA: JOE MASON III

About me:

Get ready to have an amazing year because you've got one of the coolest R.A.'s ever!

Hailing all the way from Brooklyn Park, Minnesota, I'm a junior studying business management and marketing with a minor in music. Music is my passion, and I live it every day as the drummer and band leader of a Gospel Fusion band called "Gifted Handz." Not only that, but I also have my own self-development podcast titled "Elevate & Meditate" - I'm all about reaching new heights and inspiring others to do the same. While I may not be on any boards this year, I'm deeply involved with the Hamline African Student Association and Black Student Collective on campus, so you can count on me to stay plugged in. I can't wait to meet you all and help make this year unforgettable!

Life on Campus

Make the most of your time here on campus! Get involved with student orgs, go to sporting games, figure out who has your same major, and find out about all the academic resources available.

Get outside of your comfort zone and meet new people. You create the campus experience you want for yourself. These are all things that I live by and have ultimately made my time here such a fruitful experience. I want to also stress getting in contact with your roommate and finding out what each of you are bringing to campus so you don't bring two of the same thing; **it ultimately saves money.**
