

Welcome to Drew Hall Third Floor

About Me

Hello everyone, I'm Cannon Yerima and I will be your RA for the Spring semester. This is my first semester as an RA, and I'm excited to meet everyone and foster our community. I'm a sophomore majoring in legal studies, and thinking about starting a minor in history as well. I come from Hudson, WI. I love legal questions and anything related to history. The college has given me the opportunities to branch out more, and I have dived into tabletop games and all kinds of movies. I've even dabbled in cooking!

Stuff On-Campus

I want to help create a safe and exciting community for everyone here. Make sure to get involved with clubs and campus events (they are an absolute blast, and you can meet so many people). I joined several clubs and organizations here on campus and loved meeting different people and participating.

Make sure to reach out to anyone (including me) with any questions or concerns. Campus facilities and faculty are available for you, whether you need social help, academic support, and more. Pro tip: Your professors will do a lot to help you out. Don't be afraid to email them questions or even ask them to peer review a paper for another class.

If you are staying with a roommate, communication is vital. This is a great way to learn each other's habits and establish a system that works for both of you. It's also a great time to get to know them and your community! I love the dorm life and have so many great memories and experiences. It's the perfect place to make many lifelong friends!

If you have any questions, concerns, or just want to introduce yourself and say hello, please email me at cyerama01@hamline.edu.

I am so excited to be your RA for the spring semester.
