

# Hello everybody!

My name is Eric. I am a junior here at Hamline studying Neuroscience and Biochemistry under the Pre-Medicine track.

I am very involved in the Chemistry Department, including summer research, teaching assistant, and tutoring. So, if you ever want to become involved with the Chemistry department (or anything really), feel free to come talk or email me! I'd be more than happy to talk with you.

I am very big nerd. I enjoy learning about science, reading about medical studies and history, 3D printing, playing board games and video games.

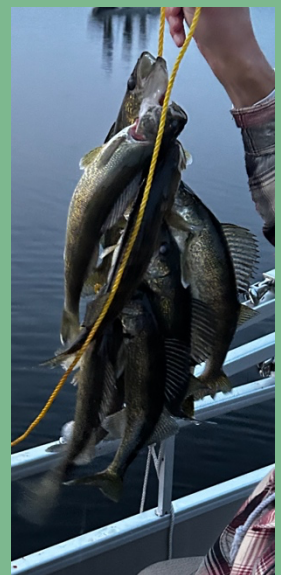

I also enjoy hanging out with my friends and family, going up north, and fishing.

My piece of advice would be to become involved at Hamline! There are so many ways to become involved and it's more fun to do something than to sit in your dorm!

Here's my contact info:

Phone Number: (612) 590-1628

Email: [ebartz03@hamline.edu](mailto:ebartz03@hamline.edu)

Here's a photo of a bunch of walleyes that my dad, my dad's friends, and I caught up in Lutsen!
