

# Welcome!

Hello everyone, I'm Wilson Harding, and I'm going to be your RA this year! I'm a sophomore and Psychology major, with a planned minor in Economic Analysis. In addition to being an RA, I'm also involved in the Hamline Theater program, and work in the scene shop. I'm from Wayland, Massachusetts, and in my free time I enjoy rooting for the Green Bay Packers.

My advice is go to plenty of the on-campus events. It's a great way to meet new people and find student organizations that you might want to join. Plus, if nothing else, the events can be a fun way to spend an hour or two.

My other piece of advice is to communicate with your roommate! The sooner the better, as it can help you figure out who's bringing what before you move in, and in general, good communication can help prevent conflicts.

If you have any questions, concerns, or anything else, I'm here to help, so please let me know!
