

Hello! My name is Evan Sharp, and I'll be your RA this year! I'll be a sophomore this year, pursuing a major in Psychology. I'm from Brainerd, Minnesota, and I love writing, drawing, and video games! (My favorites would have to be Minecraft, FNaF, and Stardew Valley), but chances are I've probably heard of the game, if not

played it, so if you're ever looking to talk about lore or games I'd be more than happy to! I especially love anything to do with frogs, mushrooms, bugs, and axolotls, so my room will be most likely decorated head to toe in that style.

- Advice that I would have for newer students: Firstly, PLEASE go to events on campus! Ones that you would feel would be interesting or fun for you of course, but never worry about not knowing someone. I have met so many of my friends already at events, and everyone is super welcoming and inclusive here! Secondly, it is definitely going to take some time to get used to having a roommate, especially if it is someone you don't know, but do your best to communicate with them! It's impossible to avoid any disputes or disagreements when you're sharing a living space, but just try to be patient and understanding with each other, and they could become one of your closest friends!**
- I am so excited to get to be your RA! If you ever need anything, whether it be someone to talk, help with homework, or even just someone to play video games with, my door is always open! My email is esharp01@hamline.edu!**
