

Welcome!

Hello, I'm Wilson Harding (He/Him), and I'm excited to be an RA again this year!

About Me

I'm a Junior with a Psychology Major and Economic Analysis Minor. In addition to being an RA, I'm involved in the Hamline Theater department, and work in the scene shop. In my free time I enjoy rooting for the Green Bay Packers.

General Advice

My advice is to go to plenty of the on-campus events, especially early in the year. It's a great way to meet new people and find student organizations that you might want to join. Plus, if nothing else, the events can be a fun way to spend an hour or two.

Roommate Advice

My other piece of advice is to communicate with your roommate! The sooner the better, as it can help you figure out who's bringing what before you move in. It's also generally beneficial, as good communication can help prevent conflicts.

Fun Facts

I have a dog named Thatcher

I'm from Wayland, Massachusetts

My favorite book is Friday Night Lights

If you have any questions, concerns, or anything else, I'm here to help, so please let me know!
