OPENING A FILE

Credential files will be opened and committee letters written for academically qualified applicants (GPA at least 3.45). If you feel you do not meet these credentials, please speak to a pre-med advisor.

Opening a file takes about 5 minutes — just stop by RSC 105, or contact the faculty assistant (see contact information on page 15) to set up a time. Ideally this would happen mid-late March.

At this point, you will fill out and sign a waiver, and pay the \$10 fee.

It is important that your credential file is completed early so that there will not be a delay getting your committee letter submitted in the fall.

FORMS 1 – 5

These forms are for the benefit of the committee only and will not be uploaded to AMCAS by Hamline Med Cred. Any information you give here will also need to be inputted on AMCAS where applicable. All forms can be found on and downloaded from the Hamline Pre-Med Website.

Form 1 – Student Data Form

Form 2 – Reference List

Form 3 – Medical School List

Form 4 – Academic Record

Form 5 – Activities & Personal Statement

The personal statement you submit to us should be the same or very similar to what you submit to AMCAS.

AMCAS

LETTER REQUEST

Once you've begun your medical school application within AMCAS, your main application page will feature a checklist that includes "Letters of Evaluation"

Clicking on "Letters of Evaluation" will bring you to a page with more information and instructions about requesting a letter.

Please create one letter entry for each Committee letter, Individual letter, or Letter Packet being sent to AMCAS. Most medical schools participate in the AMCAS Letter Service. Please review [additional information about letters of evaluation](#).

A maximum of ten (10) letter entries may be created. Letter entries may be added and assigned to medical schools after you have submitted your application. However, once you have submitted your application, existing letter entries cannot be edited or deleted; they can only be marked "No Longer Being Sent".

AMCAS

LETTER REQUEST, 2

AMCAS offers three different types of letters of evaluation:

- Committee Letter
- Letter Packet
- Individual Letters

Hamline uses a **Committee Letter** system.

The Committee Letter we submit incorporates all individual letters into one overarching evaluation, and we include the individual evaluations in the file we upload to AMCAS.

This way, you only need to create one AMCAS letter request, and individual evaluators do not need to navigate the AMCAS system.

The “additional information about letters of evaluation” link on the letter request page takes you to the **section of the applicant guide** that describes the different types of letter evaluations. The full descriptions can be found on page 8 of this guide.

With this form, I am requesting that you forward my letter of evaluation to the American Medical College Application Service (AMCAS), which collects all letters on behalf of medical schools participating in the AMCAS Letters Service. Below is more information from AMCAS on how to submit the letter.

About AMCAS Letters

The AMCAS Letters Service is a centralized service that allows medical schools to receive all letters of evaluation electronically from AMCAS. This service also allows letter authors to send letters to AMCAS, rather than to individual medical schools (as long as those schools participate in AMCAS Letters).

The AACMC has established a centralized set of guidelines for letter writers. Please be sure to review these guidelines when crafting letters of evaluation.

For more information about this service, the guidelines, and a list of participating schools please visit www.amcas.org/amcasletters.

How to Submit Letters to AMCAS

- AMCAS Letter Writer Application
Create an account, upload your letter, enter the AACMC ID and Letter ID numbers printed on this form, and you're done. To securely upload a PDF using the AMCAS Letter Writer Application, visit <https://services.amcas.org/letterwriter>
- Interfolio
AMCAS can collect letters sent using Interfolio if the student requesting this letter is an Interfolio user or your institution/organization uses Interfolio to deliver letters of evaluation.

For more information about AMCAS, visit www.amcas.org/amcas.

Download the form and send to Hamline Med Cred

LETTER TYPES

Committee Letter: A letter authored by a prehealth committee or prehealth advisor and intended to represent your institution's evaluation of you. A Committee Letter may or may not include additional letters written in support of your application. The Committee Letter is sometimes called a Composite Letter.

Letter Packet: A packet or set of letters assembled and distributed by your institution, often by the institution's career center. A Letter Packet may include a cover sheet from your prehealth committee or advisor; however, in contrast to a Committee Letter, a Letter Packet does not include an evaluative letter from your prehealth committee or advisor.

Individual Letter: A letter written by, and representing, a single letter author. If you have already included an Individual Letter within either a Committee Letter or Letter Packet, you do not need to add a separate entry for that letter.

COMMITTEE LETTER PROCESS

Send signed waiver and evaluation forms to individual letter writers

Request a Letter of Evaluation on AMCAS and send the form to Hamline Med Cred

Individual letter writers submit their evaluation forms and letters to Hamline Med Cred

Hamline Med Cred committee writes a letter that incorporates the individual evaluations and submits all letters to AMCAS
