

Welcome Parents!

This year we're switching things up....

For the Parents E-Newsletter we are planning on sending a combination of newsletters and videos. Our goal is to send out information once a month to help keep parents informed about some of the things happening at Hamline University. We've included the link to the Parents Network page for your convenience.

The first video this year highlighted some of the newly created spaces for the students at Hamline i.e. the sport court, Subway sandwich shop in the Klas Center.

The video also included information regarding the new printers/copies/scanners/fax machines on campus as well as the book rental program for first and second year students and transfer students. If you have not already done so, please check out the video on the website <http://www.hamline.edu/parents/news.html> under Past Issues.
