

First-Year Student Registration Worksheet

Complete this **pre-registration worksheet** after reading the *Orientation Information and Registration Guide*, but prior to attending Summer Orientation and Registration (SOAR).

Step 1 — Sign up for SOAR at www.hamline.edu/summer-orientation, then read the full *Orientation Information and Registration Guide* that was included in the registration mailing.

Step 2 — Fill out this worksheet with courses you are interested in taking your first semester at Hamline. Keep in mind:

- Students should select four 4-credit courses, for a total of at least 16 credits.
- While 12 credits is considered full-time, you must complete 30 credits during the academic year to be fully eligible for some types of financial aid, and 32 credits per year to stay on track for a 4-year graduation.
- Select multiple back-up options in case your first choices are full by the time you register at SOAR.
- Athletes should consult their coaches for practice times.

First-Year Seminar (FYSem) All students must register for FYSem in fall. View course options at www.hamline.edu/fy-seminar, and indicate your top 5 choices below.

First-Year Writing All first-year students take FYW 1120 (and some must also take FYW 1110) their first year at Hamline, unless satisfying this requirement in another way. Indicate below your writing plans for fall. If you are taking FYW 1110, then you must take it in fall, then take FYW 1120 in spring. If you are only taking FYW 1120, you may choose to take it either fall or spring, but we encourage spring enrollment as a useful way to structure your first year at Hamline. **Refer to the Registration guidebook if you have questions.**

This fall, I plan to take: FYW 1110 FYW 1120 Neither; I will take FYW 1120 in spring
